

TECH PLANNING REPORT

JUNE 2015

All the meets through the summer season are sanctioned except for one ODAC 8 & under meet, which may be taken care of by the time we meet Sunday.

One meet bid has been added to the schedule I sent to you – a long course meet, June 3-5, 2016, hosted by STAT at Embry Mill Aquatic Center. This will be a new 50 meter pool with 8 lanes and an additional 8 lanes of warm up/warm down that is scheduled to open March 2016.

Region Champ assignments for spring will be complete this week.

I'm still waiting to hear whether the Freedom Center is secured for the RAYS Region Champs.

Due to the location and most importantly the DATE of next Summer's Zones, we likely need to re-arrange our AG Champ meet date next summer. I am awaiting further direction from AG and SR committees on this as there are several options available. But we likely need to act soon to be sure we have the right dates secure at the appropriate venues.

That's all I've got at the moment.

Next Spring's banquet at King's Dominion:

Contract is signed for the venue on Saturday, April 23 ... The cost of park entrance is increasing one dollar from this year's price – so \$28 for the park entrance with picnic (\$47 total park and picnic) or \$34 for park only tickets. The cost of the meal will remain the same as this year – nice, since this is the portion VSI picks up!
I have also sent an athlete request to Speedo.
