

Coaches Report submitted for LSC Board Meeting 8/23/14

- 1) Open Water Award, one male one female in each age group for: 14 and Under 15 and Up with the highest level meet. International competition, USAS National Open Water Championships, Junior Team event, Zone meet, LSC Championship event or other meets to be reviewed/considered annually.
- 2) Zone Coach selection went well. We had additional applicants that we had to turn down. Suggest posting earlier. Appointing the head coach early helped the process, coach Bridget Burkot helped immensely in soliciting coaches to attend.
- 3) Zone Selection process from the coaches rep point of view was a tremendous success. We filled all positions with swimmers that had qualifying times and we did not have to go to swimmers without qualifying times to fill the holes. No one missed swims working the deck to ask for swimmers to consider attending. We will discuss further at the HOD meetings.
- 4) Request to allow snorkels to be used in warm up at senior level meets.
