

**Registration Report**  
**Jan. 6, 2005**

There are 276 less athletes registered to date than the total for 2003/2004. I would anticipate that at least 100 more will register. There are 89 fewer non-athletes registered. Some of the clubs have been slow in registering. They either have sent the fee and no form or sent the form and no fee. We should have the same number of clubs registering as we did last year, 45.

I have a nominating committee and need your approval, as per the by-laws.
