

REGISTRATION REPORT

APRIL 24, 2006

There are 5620 athletes registered to date for 2005/2006. This is down 244 from the final figures for 2004/2005. There are a total of 940 non-athletes registered. These are others, coaches and officials. Official count is down by 41. Clubs registered are 43, down by 4 from last year. The 43 figure does not include the new club, Fort Union Aquatic Club, as I have not posted the club yet. I am waiting on athlete and coach registration. Seasonal registration is 36. More will come in before this program ends 8/11. 56 of the 154 registered for the 2004/2005 year renewed as year round athletes for 2005/2006.

This coming year, I will not accept coach applications, unless certifications and education requirements have been met. Any applications for new coach membership will be returned unless the proofs of certifications are included.

Materials for the 2006/2007 year will be sent out some time in August. This year ALL clubs will be required to register electronically. Those that will not have to, will be notified. Those clubs that sent paper forms this year will be sent the information necessary to file electronically and will have the summer season to learn the process. Registrations will not be processed using paper forms, with few exceptions.

Fees for 2006/2007

Athlete	\$ 56
Non-Athlete Ind	\$ 49
Family	\$ 88.50
Club	\$ 100
