

Senior Committee Chair Report 1/06/05
Submitted by Peter Maloney

Short Course championship meet awards were delivered to the Gators. We need to get six banners for Male, Female and Combined Team Awards for both short course and long course meets. I will order the male and female High Point Awards, lets hope that we don't have another three- way tie for Female High Point.

Long course meet: Mason is not available this summer, so we are using UVA. I'm happy to have a pool, as well as a team willing to host.

I have exhausted my leads for finding information on the All Star Meet that was previously held with North Carolina swimming. No one in the Virginia LSC seems to have a copy of events or results from the meet, so we will try and come up with a new format for the VA vs PV meet.

I haven't had any more contact with Don from PV, and hope to continue having discussions now that the holiday is over and there is more time before the championship season starts.
