

## Technical Planning Report

April 24, 2018

Attached is the latest proposed 2018-2018 meet schedule. It should be noted that there are still several Championship meets that have not been bid. It should also be noted that a few of the Championship series meets have been bid under the current format as the recommendations of the Task Force have yet to be adopted. When and if they are, Technical Planning will return to the bidders and ask if they are willing to still host under the new formats. The Technical Planning Committee will vote on the Task Force recommendations at their meeting on Sunday April 29, 2018.

There are multiple bids for several of the Championship meets. The Committee will make its' recommendation for awarding those bids following the guidelines that were adopted at the October meeting.

The SC Regional alignments will also be presented to the committee for its' recommendation. The Districts for 2018-2019 will remain the same. LC Regionals will be determined at the end of the 2018 long course season.

Respectfully submitted,

Jessica Simons
