

Coach Committee

All,

Please see below as report items from the coaches committee:

1) Morgan and I are in the preparation stages to get Zones coaching information sent out to our colleagues. Things should be going out within the next week. Our goal is to put together a staff that will truly offer the best of what our LSC has to offer! :)

2) Coach of the year voting, with awards ceremony now done in September, is this something we should be conducting following Long Course season. Guidance on timeline for getting this started is needed as it's a change in timing from previous years.

3) Wish to raise the discussion on adjusting our Championship Meet series format (consider moving 8 and under champs meet to back end of series). More specifically, truly want to consider moving back to a B/C and A/BB champs format in the future. Question- Are we truly servicing the entirety of our athletes in the current format.

4) Anthony Pederson (RAYS) is currently in Colorado Springs at Leadership Summit representing VA Swimming. Will have him report back on items learned upon his return.

5) Coaches committee supports joint TAC/ODAC bid to host an 8 and Under Championship meet in Southeastern District.

I think that covers all of our items.

Mike
